

PRIMROSE HILL SET: GENERATION 2.0

THEIR PARENTS, INCLUDING **SADIE FROST**, **NOEL GALLAGHER** AND **KATE MOSS** DOMINATED THE 90s, AND NOW THEIR OFFSPRING ARE TAKING OVER THE FASHION WORLD AS THE NEW BRIT PACK ON THE BLOCK

RAFFERTY LAW

SON OF SADIE FROST AND JUDE LAW
Those piercing blue eyes and perfect pout belong in front of the camera, so it's no surprise that Jude Law's carbon copy son, 19-year-old Rafferty is making serious waves in the modelling world. Since signing with Select models, the teen – who has been linked to Liam Gallagher's daughter Molly Moorish, 18 – has walked the catwalk for DKNY, starred in an Adidas Originals campaign and been voted one of the Best Dressed Men in Britain by GQ. But despite his early showbiz start, he has no plans to follow his famous father to Hollywood, preferring to concentrate on music instead. He sings and play guitar with Brit rock duo Dirty Harry's.

"Having creative parents has made me a very creative person. I got brought up around art and good music and obviously film sets," he says, "I've always loved music. That's been heavily influenced by my dad and my mum."

Speaking about his famous son's quest for fame, Jude, 43, told *Esquire*, "He's got to find his own path and make his own mistakes, and have his own triumphs. Those lessons are best learned in the field. And I think he's a really lovely, smart, talented kid."

MOLLY MOORISH

DAUGHTER OF LIAM GALLAGHER AND LISA MOORISH

The 18-year-old daughter of Liam Gallagher and model and musician Lisa Moorish – conceived just weeks before Liam's first marriage to Patsy Kensit – is signed to the same modelling agency as her cousin Anais Gallagher. As well as starring in campaigns for FCUK, she has racked up a loyal Insta-following and reportedly bagged herself a celebrity boyfriend in Rafferty Law.

After landing her first shoot with *Teen Vogue*, Iris revealed she takes sartorial inspiration from her 51-year-old mum, saying, "I like looking at pictures of my mum when she was my age and seeing her make-up and little dresses." And Iris is now inspiring a new generation of fashion-lovers, racking up nearly 31,000 followers on Instagram. And she's been practicing her Insta-poses with Kate Moss's daughter Lila Grace. "My god-sister, Lila, and I have got into the habit of creating little photo shoots every time we see each other. I enjoy this, because it's everything I love in one go: it's creative, it makes you think... it's fashion."

IRIS LAW

DAUGHTER OF SADIE FROST AND JUDE LAW

At just 15, Iris Law has already modelled pyjamas for *Illustrated People* and, now that she is set to sign a modelling contract with Chanel, the world of high fashion is at her feet. Given that Iris's mother is former model and fashion designer Sadie Frost and her godmother is Kate Moss, it seems style superstardom is a birthright.

ANAIIS GALLAGHER
DAUGHTER OF NOEL GALLAGHER AND MEG MATHEWS

When your dad is Oasis frontman Noel Gallagher and your mum is original rock chick Meg Mathews, cool is in your DNA. Just ask Anais Gallagher, who was born into Primrose Hill's infamous 'Supernova Heights' mansion before her party-loving parents split in 2001.

Now 16, she's already presented BAFTA-winning kids' show *Friday Download*, partied with Brooklyn Beckham at the Brits, secured modelling campaigns with Topshop, Reebok and Accessorize, and garnered 13,000 Instagram followers. But, far from pushing her into the spotlight, her famous dad would rather she got a nine-to-five.

"My dad would have preferred me not to do anything in the spotlight and have a normal job," claims Anais. Adding, "I always had an interest in being in TV or photography so it was inevitable."

Meanwhile, she compares former wild child Meg to *Absolutely Fabulous*' Edina. "It's like *Ab Fab* with my mum. On Friday I was in bed watching Netflix and she was like, 'Why are you not going out?' and had a full-on go at me. She told me I was wasting my teenage years!"

LILA GRACE MOSS HACK

DAUGHTER OF KATE MOSS AND JEFFERSON HACK

At just 13, Lila Grace Moss Hack has already graced the cover of Italian Vogue alongside

her supermodel mum, Kate Moss. But she's also following in the footsteps of her dad, publisher Jefferson Hack: the teen was recently dispatched by his *Dazed* magazine to interview model-of-the-moment, Gigi Hadid.

However, despite the cool credentials of her parents, dad Jefferson – who split from Kate in 2004 – says the model-in-the-making finds them "deeply uncool." And mum Kate says, "Lila is obsessed with make-up now... She does my make-up sometimes, which is hilarious. She tells me off for not [filling in my eyebrows]: 'It's about the shape of the brow' and I'm like 'Really?' I'm like 'Right OK, they look like they've been cut out and stuck on your face but whatever!'"

LENNON GALLAGHER
SON OF PATSY KENSIT AND LIAM GALLAGHER

He may have inherited his rocker dad's famous eyebrows, but it seems Liam Gallagher's son with ex-wife Patsy Kensit, Lennon, has inherited his love of acting from his mum. The 16-year-old is studying to become a theatre actor at the Guildhall School of Music and Drama in London. However, he has no plans to follow his parents into the limelight.

"He doesn't want to be famous just for being famous. He wants to be a theatre actor," explains Patsy, 48. Though she admits he won't face the same financial hardship she faced as a young jobbing actor, saying, "If you want to be a real contender you have to be prepared to sleep in your car. It is a game of chess now. I've worked my whole life, ever since I was four. I took jobs that I shouldn't have taken... He probably won't have to sleep in a car, but he will find it hard."
